King Edward, Queen Alexandra and President Roosevelt have sent messages of condolence to the family of the distinguished actor.

HAVE YOU TRIED "PORCELA?"

PORCELA is the only preparation made exclusively for cleaning and polishing porcelain enameled bath tubs, lavatories, sinks, closets and other plumbing.

Unfortunately, there are a number of cleaning preparations, advertised to clean enameled plumbing fixtures, but most of these preparations are untrue to their purpose, for they contain grit, acid or flint, and clean principally by removing the surface from the fixtures to which they are applied and in a very short time the fixtures are ruined.

SPECTACLED AMERICANS

The man of sense is he who best preserves those faculties with which Nature has endowed him.

He may "hate to wear glasses," but sentiment is not sense.

Glasses are not always an evidence of weak eyes, but rather of strong intellect.

Men and women of strength, both mental and physical, wear them for the preservation of nerve force and vitality, as much as for the betterment of vision.
